

THOMSON REUTERS

Michaela White
Principal Consultant,
Pharma & Life Sciences Solutions, Asia Pacific
The Scientific Business of Thomson Reuters

Michaela White is based in the Asia Pacific head office of the Scientific business of Thomson Reuters in Singapore.

As Principal Consultant with Scientific's Global Sales Support on Pharma & Life Sciences Solutions for Asia Pacific, Michaela provides consultation and critical insight of the pharma customer's workflow and helps Scientific deliver its value proposition and differentiated solutions across Asia Pacific, specifically Southeast Asia, India, South Korea, Australia & New Zealand, Taiwan, Macau and Hong Kong.

Michaela has close to 6 years of extensive life sciences information experience and worked previously at Terry Fox Laboratory (University of British Columbia) in Vancouver, Mount Sinai Hospital (The Blueprint Initiative) and MDS Pharma Services, both of which are located in Toronto, Canada.

Following this, she worked at Thomson Reuters as Manager for BINDplus Curation where she managed the BINDplus Center of Excellence, including staff based in Canada, Singapore and India. Michaela's varied portfolio has enabled her to develop in-depth understanding of numerous branches in biological science including clinical trials, academic research, bioinformatics and data management.

Michaela holds a Masters of Science in Pathology & Laboratory Medicine from the University of British Columbia, Canada and a Bachelor of Science in Molecular Biology from the University of Queensland, Australia.
